. . . And CUCAMONGA

BY HOLLIS GUTHRIE

We like to express thanks to Mrs. M. J. Ripley of Cucamonga, who is the manager of the Fashion Department at Nash's Department Store of Pomona, for doing a wonderful job in outfitting Miss Cucamonga District entry, Diana Marie Myskow, for the National Orange Show Queen contest held last Thursday evening in Swing Auditorium in San Bernardino.

Our pretty Miss Cucamonga District Queen, representing Alta Loma, Etiwanda and Cucamonga, made a great showing in the beautiful white formal Mrs. Ripley selected and the stylish Catalina swim suit certainly did justice to our candidate in the National Orange Show contest.

This fact was pleasantly displayed by all the photos of Miss Cucamonga District taken and published in various papers. The members of the Cucamonga District Chamber of Commerce, the sponsoring organization of Miss Cucamonga District, can be proud of the fine showing Diana Marie Myskow made in the Orange Show Queen contest, plus the wonderful recognition, publicity - wise, the District has received.

And we are not over-looking the other five wonderful civic minded girls who participated in the local Miss Cucamonga District Queen contest. They are Emilie Jo Blatnick, Letty Ward, Mary Lou Ramirez, Gloria Grace Andreozzi, and Annette Le May. They are to be sincerely congratulated on their beauty, poise and talents and good sportsmanship.

These fine young ladies, should make any parent beam with pride and joy and we do know their parents are mighty proud of them, and this goes for the Orange Show Committee of The Cucamonga District Chamber of Commerce, too.

The District will be seeing and hearing more about these six charming young ladies of Alta Loma-Etiwanda and Cucamonga in the near future.

Easter Sunday

Easter Sunday is only three days from the above date line, but we didn't have to look at a calendar to remind us of this fact. Every year about this time we go out in the back yard and inspect our big citrus grove of two orange trees and one tangerine tree.

The navel trees are full of blossoms and the tangerine tree is loaded with fruit, which we reach up and feel to see if the insides are loosening up. If they feel soft then we know Easter is close by, so Saturday we start picking tangerines for our Salerno family in Los Angeles.

Another reminder of Easter is that famous long -time hit record of Easter Parade; and that other wonderful popular musical hit called "Let's Go To Church On Sunday.

There are two items which we try to steer clear of while writing and they are religion and politics.

But this particular week, and time of world tensions, we don't think we would be offending any real American by saying this Sunday let's make a real honest effort and form our own Easter Parade to the church of our own choosing and say a prayer of thanks for the privilege of living in the LAND OF THE FREE!

For those who live in the district of Alta Loma, Etiwanda Cucamonga, and like to attend Sunrise Services on Easter, we are happy to announce that every year the churches of these communities and their ministers get together at 6 a.m. on a knoll at the upper north end of Etiwanda Ave., in Etiwanda, and conduct an annual Easter Sunrise Service. Everyone is invited to attend.

Attendance

The attendance has steadily grown year by year. A large crowd is anticipated this Sunday, so we advise anyone planning to attend to come early. The view is grand from up there and the surroundings of the area makes it perfect for such an affair.

For those living in Upland, Alta Loma and Cucamonga take either Arrow Highway, Foothill Blvd., Base Line or 19th St. and go direct eastward until you hit Etiwanda Ave., turn left and go northward to the end of Etiwanda Avenue.

No Major Changes In Hunting Laws Seen For 1961

"No major changes," is the word from Department of Fish and Game Director Walter T. Shannon regarding the Department's recommendations to the Fish and Game Commission for the 1961 Hunting Regulations.

The recommendations will be submitted to the Commission at its meeting April 7 at 9:30 a.m. in the California State Building, First and Broadway in Los Angeles. At that time the Commission will consider the Department's suggestions and those of its own officers, as well as those of organizations and private citizens. The Commission also meets April 6 in Los Angeles to consider other business.

The regulations will be finally set at the Commission meeting of May 26 in Sacramento. The Commission will reveal its determinations not less than 15 days before the May meeting. Regulations which will not be set in May are those for waterfowl, doves and pigeons, which are migratory birds and State rules must be established within the framework to be set up by the Federal Fish and Wildlife Service.

This year's recommendations by the Department are little changed from the 1960 regulations except for date adjustments to provide for Saturday openings.

Some wives are like some fishermen; they think the best ones got away.

Seniors Get Good Advice

Seniors at Upland High School were issued the third Senior Bulletin this week, titled, Finishing High School Pays Dividends.

The bulletin, compiled by assistant principal Harvey Shirk, informed the seniors that boys and girls who graduate from high school have from five to 50 times greater chance of getting jobs —and keeping them —than do those students who quit early. "These are big dividends, from 500 to 5000 percent," Shirk said.

He also quoted a statement from Dr. Seymour Woofbein, Deputy Assistant Secretary of Labor, "Young people must realize that education and training do not guarantee a job, but they give you a big start. Today's jobs require more training, there are more white-collar workers than blue, and more and more people are getting more and more education, so competition is stiff."

The bulletin, distributed to each senior, also carried information on college entrance examination dates, California Department of Employment interviews, scholarship information. It also contained a list of 25 colleges and universities, with estimated costs of tuition, fees, room and board, and enrollment.

Upland Math Scholars Gain Recognition

Competing with over 750 top mathematics scholars, Upland High School's entry won recognition at the Fifth Annual Occidental College Mathematics Field Day.

Margaret Arner and Ronald Saltgaver reached the finals in Three Dimensional Tic Tac Toe, with Saltgaver going on to place third against stiff competition.

The game helps develop three - dimensional imagery. The players alternately play cross and naught in the squares in the layers of a 4 x 4 x 4 cube until one gets four in a row in some direction, horizontally, vertically, or diagonally.

Chris Turner took fourth place in the Mad Hatter Marathon A — a rapid computation and estimation contest open to all entries. Problems were shown on a screen, read aloud, shown by flashcards, and on a blackboard. The students worked the problems mentally, wrote the answer on a blackboard. The students worked the problems mentally, wrote the answer on the entry blank and then raised his hand.

Dale R. Stevens, UHS mathematics department chairman, said that the Field Day is designed to stimulate interest in mathematics and to recognize mathematical ability and achievement among Southern California High School students.

Entries in the Field Day came from all over Southern California.

Uncle Sam Offers Today's Big Tip; File Return Now

Today's big tip from Uncle Sam is—

If you have an income tax refund coming and you have not yet filed your 1960 return, do it NOW!

The NOW part of the tip results from the fact that U.S. Internal Revenue Service needs your unfiled returns to keep the refund pipeline filled up.

"We're about 2½ million refunds and a third of a billion dollars ahead of our pace at this time last year," IRS said. "That means we're getting the refunds into the processing mill as soon as the returns come in.

"If we are to maintain our present refund pace, we need a lot more returns than are being filed now as a result of the usual mid -March lull in filing."

Alta Loma Woman A Deputy Sheriff

A newspaper article which stirred her imagination has led to an interesting —and at times, exciting —sideline career for Carol Schmutz, 6929 N. Hellman, Alta Loma.

"Several years ago I read an article about the San Bernardino County Sheriff's reserve force," Mrs. Schmutz said. "I've always enjoyed working with people —that's one reason why I like my job as a timekeeper at Convair/Pomona —so I applied for a position on the force, and was accepted."

That was in 1956. Today she is one of about five women on the reserve force. She is a regular deputy sheriff, on call at all times, but she serves without pay. She even provides her own uniforms, handcuffs and weapons. She meets with other part-time deputies once a month for training.

She is frequently called out to serve at public gatherings, and customarily takes a week of her vacation each year to serve at the San Bernardino County Orange Show, where she is in charge of policing the professional show area. She also is frequently called to the Ontario sheriff's sub-

Carol Schmutz

station to search female prisoners, or to perform temporary matron duty when female prisoners are awaiting transfer to the county jail in San Bernardino.

"Most of these calls are at night, when a regular matron is not on duty," she said. "I never know what to expect, except that the work will be interesting."

Mrs. Schmutz, who has been with Convair/Pomona since May, 1954, plans to remain with the sheriff's force "as long as they'll have me."

What does her family think of her unusual hobby?

"I have three grown children and four grandchildren. They think it's great, and so do I," she said.

Fire Chief Help MSAC Program

Chief Harold Duncan of Monte Vista Fire District, Chief Howard Paulin of Upland Fire Department, and Chief Les Hemstreet of Chino Fire Department are on a 14-member fire training advisory committee at Mt. San Antonio College.

The committee will have the responsibility of assisting in the planning and evaluation of fire training courses offered under the MSAC extended day program.

Guard Reserve Unit Seeking Manpower

RT— Guard Reserve 2-30-2

Fourteen officers and 33 enlisted men are urgently needed to volunteer within the next 30 days to fill key positions in the 8th Battalion, California National Guard Reserve, it was announced by Major Hugh M. Fletcher, Commander of the Ontario unit.

Sparked by an appeal from Maj. Gen. Roderic L. Hill, State Adjutant General, for a state-wide drive to fill the ranks of all units of the CNGR, as it is commonly called, together with a newly acquired mission to support the California Disaster Office with operational intelligence teams, Major Fletcher said the 8th Battalion is particularly in need of additional manpower should a grave emergency occur.

Gen. Hill said in his statewide appeal that in the event of a national emergency situation, the regular National Guard would likely remain under control of the state only for a limited time and would then be inducted into Federal Service. This would leave the inadequately manned CNGR in a position where it could not perform the mission of the State Military Department with regard to the support of civil defense.

Fletcher said that the 8th Battalion is in a highly important geographical location and may be put to severe tests should severe natural disaster, or, war, be thrust upon us. The Ontario unit drills every Thursday evening at the National Guard Armory, 950 N. Cucamonga Ave., Ontario. Interested individuals may call Major Hugh M. Fletcher at YUkon 6-5115 after 6 p.m. or Lt. Maurice Lerner at VAlley 2-4061 after 6 p.m.

Woman's Club Guest Night Attracts 80 Persons

Approximately 80 Cucamonga-Alta Loma Woman's Club members and guests gathered at Sweeten Hall 9324 San Bernardino Rd., Cucamonga, for the annual guest night.

Dinner was prepared and served by members of the executive board; Mrs. Maud Bonillas, president, Mmes. George Nuernberger, Victor Arias, William Scott, Ronald McLennan, Carl Brancacio (substituting for S. Filpi) George Mahan, Steve De Ambrogio and Miss Ruth Milliken.

Mrs. Don Schmidt, music chairman presented Beverly Ann Penn and Pam Schubert in duet, accompanied by Miss Peggy Schmidt. They were followed by the "½ dozen harmonizers" (minus one-Scott Cameron was ill) in costume and singing in the best barber-shop style.: John Gilliland, Ed Stadder, Dean Palmer, John Whittaker, Hen Walker.

All of the above are students of Upland High School and presented a talented program which was very enthusiastically received.

Following a welcome by the president and introduction of guests, Mrs. George Nuernberger, program chairman, presented Robert P. Williamson who presented a most entertaining and informative talk on the "Economic Profile of Our Metropolitan Area". Highlights indicated that the west end areas of San Bernardino and Riverside counties must develop the proper climate to encourage industry and broaden varied economic and industrial base to create 157,000 new jobs by 1967.

He also pointed out that this not necessarily has to be the large type industry but should encourage development of small related industries, which in themselves, sometimes, tend to attract the larger plants.

As a greater percentage of job opportunities in the above area depend on government it will be necessary to create more and better job opportunities through private enterprise.

We were warned not to ignore over-all picture in lieu of our own daily business life and become aware that things affecting Los Angeles and other adjacent areas will eventually affect our lives. Some one said that living in this area was like watching a three-ring circus you didn't know which ring to watch. It was suggested that we should do more than be a spectator and become a participant.

Special thank-you's were accorded Mrs. Arthur Allen, Art and Education Chairman for the outstanding decorations in the Easter theme and to Mrs. Arvid Lewis for arranging for the table setting, serving and clean-up by the following Girl Scout Troops under their leaders: ACE Neighborhood, Mmes. Walter Hinderliter No. 30, Harold Spiegel No. 7, Frank Kadunc No. 55, Corv Aylor No. 3 and Delmas Shetley No. 82.

AN INTERVIEW — Don Fendan, editor of the Upland High School paper, is shown interviewing Wink Martindale, popular Los Angeles disc jockey, during a recent tour of KRLA by high school journalists. Also interviewed was Betty Foster, Chaffey High student and vocalist who will appear on the Dance Party program of the station in Pomona on April 7.

Dedicated To Building A Bigger And Better Community In Which To Work, Live And Relax

AN EDITORIAL

Operation Abolition A Shocker

The Communist riots in San Francisco as depicted in the film "Operation Abolition" are indeed a shocking reminder to honest American citizens of the lawlessness and disorder that the Reds love.

There has been sufficient proof, beyond any doubt, that the Communists had both fists in the pie in organizing and leading the fracas at San Francisco. That they were helped by students who were merely "misled,' is the most charitable thing we can say about them.

The movie is a documentary presented to Congress by the House Un-American Activities Committee. It consists of films taken by TV stations. Not always a "Hollywood" type movie, it nevertheless helps provide ample evidence that unruly acts were carried out by Communists and Commie-led crowds.

Even more devastating than the student's disobeying of lawful orders is the testifying of defiant Communists before the committee. Their actions are disgusting.

• • •

The greatest threat from the Communists comes from their subversion, infiltration, stealth, distortion, lack of all principles and ethics, and complete disregard for any of the human and moral procedures and attitudes we hold dear in this country.

The Commies are trying in every way possible to stir up people so the House Un-American Activities Commitee will be abolished. On the contrary, it should be expanded!

Singing the national anthem and utilizing all the freedoms we stand for, is the Communist way of accomplishing their goals such as abolishing this committee and subverting our nation generally.

• • •

This newspaper in no way feels it an infringement upon a man's constitional rights to be asked questions concerning Communism. A patriot always would welcome the opportunity to stand up anywhere and state clearly that he stands for America and its ideals, and that he has not and will not have any part of Communism.

It is beyond us how anyone can watch the film "Operation Abolition" and not get fighting mad at the Communists' technique of appearing before a committee.

• • •

We are sure there are many things to learn from seeing this film.

First of all, we come closer to the reality of the menace we are facing in Communism.

Secondly, we need to "go on the offensive" more, to strangle the Reds to keep them from gaining in their struggle to subdue us.

We need laws and rigid enforcement. We need more publicity of Communists and their methods.

• • •

If someone tells you this film and its supporting evidence is way off base, is completely misleading, and wants to haggle over every aspect, we suggest you examine his entire outlook as an American. Such critics so charitable to Communist activities are often the unwitting dupes of the Reds.

The major theme of the film is what Communism is doing in America, and it's an ugly pattern to behold.

"We cannot expect the Americans to jump from Capitalism to Communism, but we can assist their elected leaders in giving Americans small doses of Socialism, until they suddenly awake to find they have Communism."

DAILY DIET

FROM THE MAIL BOX

Dear Editor:

Your editorial of Feb. 9 has come to our attention, in which you call on citizens of your city and, indeed, the whole area, to resist the proposal to convert Euclid Avenue into a high-speed thoroughfare.

Your point is well taken. Freeways and expressways are a necessity today, but wherever possible they should avoid destruction of such valuable civic assets as are represented by Euclid Avenue with its handsome rows of ancient trees. It is such features that give a city charm and individuality, and in this day of terrific growth and standardization, the value of charm and individuality should not be taken lightly.

No matter what route may be chosen for a multi-lane high - speed thoroughfare, some property owners will be discommoded and will protest. However, a distinction should be made between these individually motivated protests and the kind of general community protest which seeks to protect a real public asset. Such an asset, we believe, is Euclid Avenue.

We hope that civic-minded citizens and especially civic groups will heed your warning and will make known in a reasonable and organized way the wish of the community to preserve this street as a special feature of the city. Thank you for calling this to your readers' attention.

Bailey Justice, President,
California Roadside Council.

Los Angeles, a city of millions, is shortly going to be struck by a very severe earthquake which almost certainly will kill hundreds of people and leave many millions of dollars in damage in its wake.

There is absolutely nothing which can be done to prevent this impending disaster.

No, I haven't pushed the panic button nor have I flipped. My source is Professor Hugo Benioff, probably the world's foremost authority on earthquakes, having studied them for the last 37 years.

Professor Benioff's laboratory is a part of California's Insitutute of Technology, producers of eight Nobel Prize winners, and a world-renowned authority which but a few would question a warning from.

It's disturbing that the United State's third largest city has a date with death and yet the millions of men and women who live there don't know of the impending devastation.

Why is this true?

Professor Benioff provided the answer.

"Great pressures are being brought to bear to play it down, even to hush it up. It could, and probably would, halt the present mass migration into the area.

"This silence is a disgrace . . . People have the right to know if their lives and the lives of their children are in danger."

Any Warning

Would there be any warning? Could people do anything to protect their lives and their homes?

Again Benioff supplied the answers.

"No, I'm afraid we'll just have to take this one on the chin when it comes."

Los Angeles Director of Civil Defense, Joseph Micciche, has been informed of Benioff's prediction. This was on March 21, 1961. He was horrified but did not question it.

The professor was asked how he could be sure of the earthquake.

He explained that running through the length of California is a fracture in the earth's surface 15 miles deep and 2,000 miles long. On one side of this line the land is moving north at two inches each year; on the other it is moving south.

Down the length of the fracture itself the land masses, jammed tightly together, are not moving at all at the moment.

But every so often the strain becomes too great and the two enormous land masses suddenly slip. Then you have an earthquake.

Continuing with his explanation, Benioff said:

"As we know precisely how fast the land masses are pulling away we can calculate when an earthquake is due at any point along the 2,000 mile fracture.

Last Quake

"The last time there was an earthquake of any real size in the Los Angeles area was in 1857 when the earth suddenly jumped 21 feet.

"Fifty years later there was a sudden slip along the fracture at San Francisco causing an earthquake and leaving death and destruction of great magnitude.

"Any day now it is going to happen in Los Angeles. The loss of life and damage is likely to be far greater than ever before as Los Angeles today is a far bigger city than was San Francisco in 1906.

Los Angeles has a date with destiny, a date so crammed with stark horror that we can only hope nature doesn't insist that it be kept but consider the dates —Los Angeles 1857; San Francisco 1907— and it appears that the appointment is already long overdue.

Howdy gang! It's almost here. That wonderful week when you are free from the everyday drudgery of school, homework, etc. is at hand within two days.

Although there are numerous places and ways to spend the free time, by far the most popular among college and high school students is the beach. This is proved by the fact that the Newport Police Department expects from 10,000 to 15,000 visitors as residents for the week and countless others on jaunts for the day.

If there are this many at Newport, I am sure that the coast of Southern California will be more than crowded at other points also.

Being as the Angels baseball team is training at Palm Springs, guess where you'll find Sherry Novack. Janie Black will also accompany her to the vacation land of the stars.

For those of you who don't think you will have enough to do next week, you might take a book along with you where ever you go to catch up on your reading. Recommended are Turnbill's THE ROLLING YEARS, and Gilbreth's CHEAPER BY THE DOZEN.

On that fine vacation you'll be lisening to the UHS top 10 which are 1. Apache by Jorgen Ingman; 2. A Hundred Pounds of Clay by Gene McDaniels; 3. Baby Sitting' Boogie by Buzz Clifford; 4. Spanish Harlem, by Ben E. King; 5. Surrender by Elvis Presley; 6. Dedicated to the One I Love by the Shirelles; 7. Portrait of My Love by Steve Lawrence; 8. Asia Minor by Kokomo; 9. Underwater by the Frogmen; and 10. Wheels by the String-A-Longs.

Popular Albums

There is now a fine United Artists record out which is really worth listening to. It is Great Motion Picture themes. Still high on the album popularity list is Mantovani Plays Exodus by Mantovani.

There seems to be a group of Sophomores who are extremely interested in Biology. They have purchased a pickled cat and are preceding to spend afternoons cutting up the poor being. Among those who are studying the anatomy of a feline is Dean Palmer who is really hep on the subject. He even carries the receipt around in his pocket.

What's behind the Green Door? You may be one of the lucky ones who finds out in the near future. I hope so!

Along with many of the students of Upland High, I would like to send my get well wishes to Kay Poston, a Junior, who was hospitalized after an automobile accident last week. Get well quick, Kay, and we are all looking forward to seeing you back at school.

Last Friday your fellow students put on a wonderful show of their talent for the American Field Service's benefit. Congratulations kids, you did a great job.

I hope everyone has the best Easter Vacation ever. Don't forget the sun tan lotion. You'll be proud of that fine new color.

C...pership Committee Lists Summer Program

The Campership committee of the West End Council of Community Services met recently in the conference room of the Ontario Public Library.

Mrs. Wayne E. Cameron, chairman, announced that 180 to 200 special needs children should attend camp this summer as a result of the campership program.

Mrs. Cameron stated that "any West End boy or girl between the ages of 10 and 14 years, some exceptions are below and above these ages, who needs and can use the experience and whose parents are not able at this time to pay the full cost is eligible."

Clyde Madden, executive of the WECCS, discussed the philosophy of the program as being one of helping people help themselves.

He stated, "we would expect that in every instance the parent would pay or the child earn a portion of the camp fee".

All camps must be accredited by the American Camping Association whose primary focus "is on the camper and the utilization of all the facilities of the camp, both personal and physical, is for the pleasure, growth and welfare of the camper in terms of his interests and needs".

This includes Girl Scout, Boy Scout, Y.M.C.A., Y.W.C.A., Salvation Army, University Camp, and many special camps for retarded, crippled, cardiac, diabetic and blind children. Participating members are Mrs. Wayne F. Cameron, chairman; Mrs. Harold Balin, J. V. Brashear, Grover Brough, Ralph Bullock, James Galbreath, Mrs. Jean Kiseli, John P. Kropp, Clarence H. Lankford, Mrs. G. E. Lewis, Mrs. Logan Locke, Will H. Mason, Mrs. James Mertz, Major William R. Mollet, Sidney G. Moses and Don L. Organ.

Also Mrs. Marallis Pederson, Mrs. Helen Rothwell, Capt. Roger Sagouspe, George W. Van Tubergen, Clifton Watkins, Mrs. Robert J. Wayne, Mrs. Rudy Weis, Mrs. Dorothy W. Zets, Sargent John McCarthy, Miss DorElla Hager, Clyde Madden, executive of WEDCS, and James Farley, Staff Assistant.

For further information on the Campership Program contact the West End Council of Community Services at Yukon 6-0043.

Teachers Get African View At Conference

First-hand information on the current situation in Africa was the theme of the Golden Anniversary Conference of the Southern California Social Science Association attended by two Chaffey District teachers recently.

Donald Jackson, chairman of the social science department of Upland High School, and Glenn Fisher, social science department chairman at Chaffey High School, were chosen by the Association to lead discussion groups at the conference. Theme of the conference was "Issues and Developments in Africa."

Each of the discussion groups had as a resource person, a man who is a native of Africa, or has recently returned from extensive tours of the country.

These were: Alex Ameto, Ghana; Hestus Higiro, Central Africa (a Moslem from Sudan); Earl Seaton, East Africa, (a practicing lawyer in Kenya, born in Bermuda and attended Cambridge University); Akalon Noiden-Michael, Richard Matheron, French West Africa; and Al Miller, McKinley Junior High School, and Gordon Lethwaite, San Fernando Valley College, who recently returned from Africa.

Principal speaker was Wendell Jones, UCLA, who returned recently from Nigeria, who discussed the current situation in Africa.

He explained that the school systems were set up by the British, and that they were not as democratic as the American school systems. He is visiting American schools, and hopes to take back to Nigeria the ideas of the educators of the United States.

Jackson said that his resource person, Seaton, remarked that, unfortunately, the American conception of Africa is colored by Tarzan movies; and that the African conception of America is colored by the violent movies, and the newspaper accounts of the Little Rock incident.

Afternoon speaker of the conference was John Buggs, Executive Secretary, Los Angeles County Human Relations Commission, who used as his subject, "Teaching about Africa in the Light of our Present Social Situation."

High School Scholars Conference Set April 8

Southern California's outstanding high school scholars will gather April 8 at Long Beach State College for the annual spring conference of the California Scholarship Federation Southern Region.

More than 1,500 students from 150 CSF chapters are expected to participate, according to Margaret Parsons, chairman of the advisers' committee for host Long Beach chapters.

"Scholarship for better international understanding" is the conference theme. In small group discussions, the students will explore the responsibilities of academically talented people of all nations for world peace. Participants will include foreign exchange students now in Long Beach schools and American students who have studied abroad.

After registration at 8:30 a.m., the delegates will be welcomed to the college campus by LBSC President Carl W. McIntosh.

Highlights

Among conference highlights will be presentation of the annual Seymour Awards to the boy and girl chosen as the outstanding CSF "sealbearers" (life members) in the Southern Region. Sealbearers must have qualified academically for CSF membership at least four semesters. The term sealbearer, refers to a CSF gold seal embossed on their diplomas.

CSF has administered college scholarships since 1925, and the majority of Seymour Award finalists are offered scholarships. Part of the regional award is $300 cash.

Among the goals of CSF is identification of the gifted student, then stimulating him to work to his capacity. Usually, the CSF chapter is a high school's leading service organization.

District LV includes Upland, Montclair, Ontario, Claremont, Pomona, Temple City, West Covina, Arcadia, Azusa, Baldwin Park, El Monte, La Puente, La Verne, Monrovia and Covina.

Heart Fund Drive Goal Is Possible

Harold C. Harris, County Heart Fund drive chairman, this week thanked the thousands of county residents who contributed so generously to last month's campaign.

While donations are being mailed to the Heart Association headquarters and there is no final tabulation as yet, there is every indication that this year's $60,000 goal will be met, Harris said.

Funds are earmarked for research, education and community service.

"Every donation, no matter how small, is a contribution toward the battle against the nation's No. 1 disease," Harris said.

The campaign success was a county-wide effort. Each of the communities in the county came close to or surpassed its goal in the month-long drive which culminated in the door-to-door canvass on Heart Sunday.

Harris remined homeowners to read and heed the literature left at their houses by the volunteers.

While praising residents' response to the fund appeal, Harris also thanked the more than 6,000 volunteers who donated time and services on Heart Sunday to canvass their neighborhoods.

Dear Friends and Neighbors:

It is a pleasure for us as a family to bring you this page.

In the spirit of the Easter Season, we would like to testify that Jesus Christ, whose death and resurrection we commemorate this Easter, lives today. He can live in our lives, and give us joy in living, despite the turmoil that is around us.
